

Our Ecological Pledge

2023 – 2030

To create and sustain a bio-diverse environment that works in harmony with and for the benefit of our school community.

We will be guided by the principles of **REDUCE, REUSE and RECYCLE.**

Educate and empower our community
to make a difference

Use our pledge to enhance
Mental health & wellbeing

Clean heating
across our school estate

Ensure school power sources are from renewable sources
and zero carbon

Encourage school transport use
and phase in a school fleet conversion

Sustainable food waste
management system

Ethical sourcing
of our school uniform

To be a carbon balanced school by our centenary in 2030
