

Lathallan School

Help Keep Our Children Safe

In order to ensure a safe school environment for everyone at Lathallan including staff, pupils, parents and visitors, we ask that you please observe the following rules and safety measures while within the school grounds. Thank you.

- The speed limit – strictly **10 MPH**
- Adhere to the one-way vehicular traffic system
- Observe Highway Code rules at zebra crossings
- Use of zebra crossings by staff and pupils is encouraged
- Always give pedestrians the right of way
- Do not overtake
- Only set down children in the designated drop off areas or parking spaces/car parks
- Be extra careful in poor weather and during the dark winter mornings and evenings
- No parking in front of the castle (exceptions made for maintenance vehicles etc)
- No parking in designated minibus parking bays
- No engine idling on school grounds - please turn engine off
- Observe reverse parking rule
- Be considerate with use of car parking spaces
- Do not park on the zebra crossings, driveways or grassy areas at the side of the driveways
- Pedestrians should exit the pavilion car park using the rear exit (walking on the sports field side of Pavilion) and not walk down the side of the road. If getting out at parking spaces at the Pavilion or Science Block pupils should get onto the grass/pathway immediately and follow that to their destination using the zebra crossing at the front of the pavilion
- Cars exiting from Nursery/Junior School road should give way to traffic from the right.
- Visitors must always report to School, Nursery reception or Estates office, depending on their host.

Any operation outside of the above criteria needs to be supported by a separate standalone risk assessment and safe system of work.
